

model-test
Longitudinal profile of vertical field

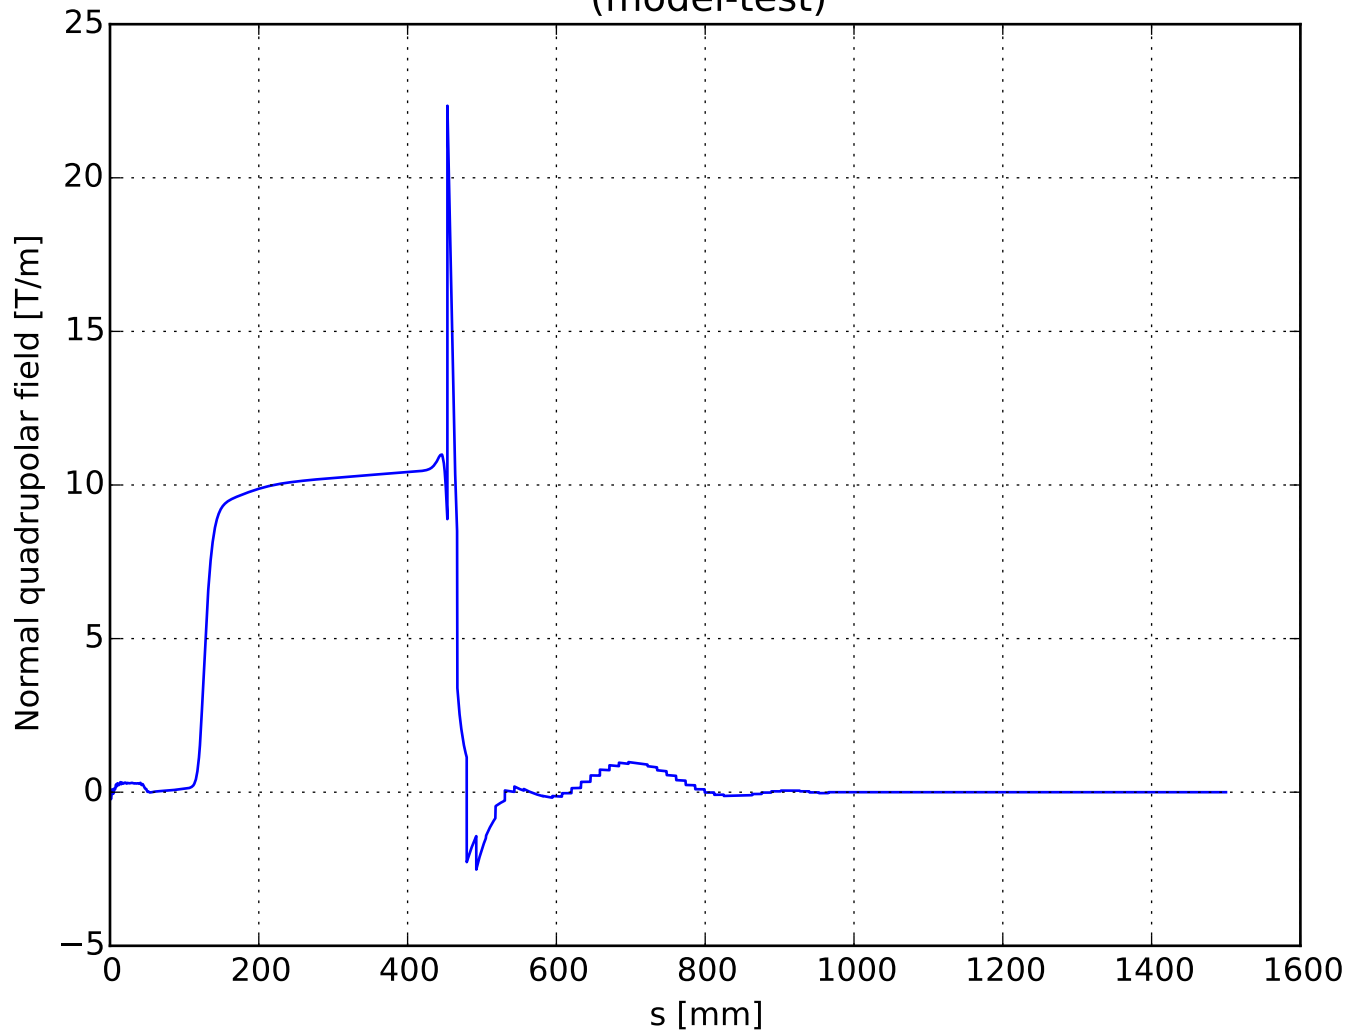

model-test
Transverse profile of vertical field

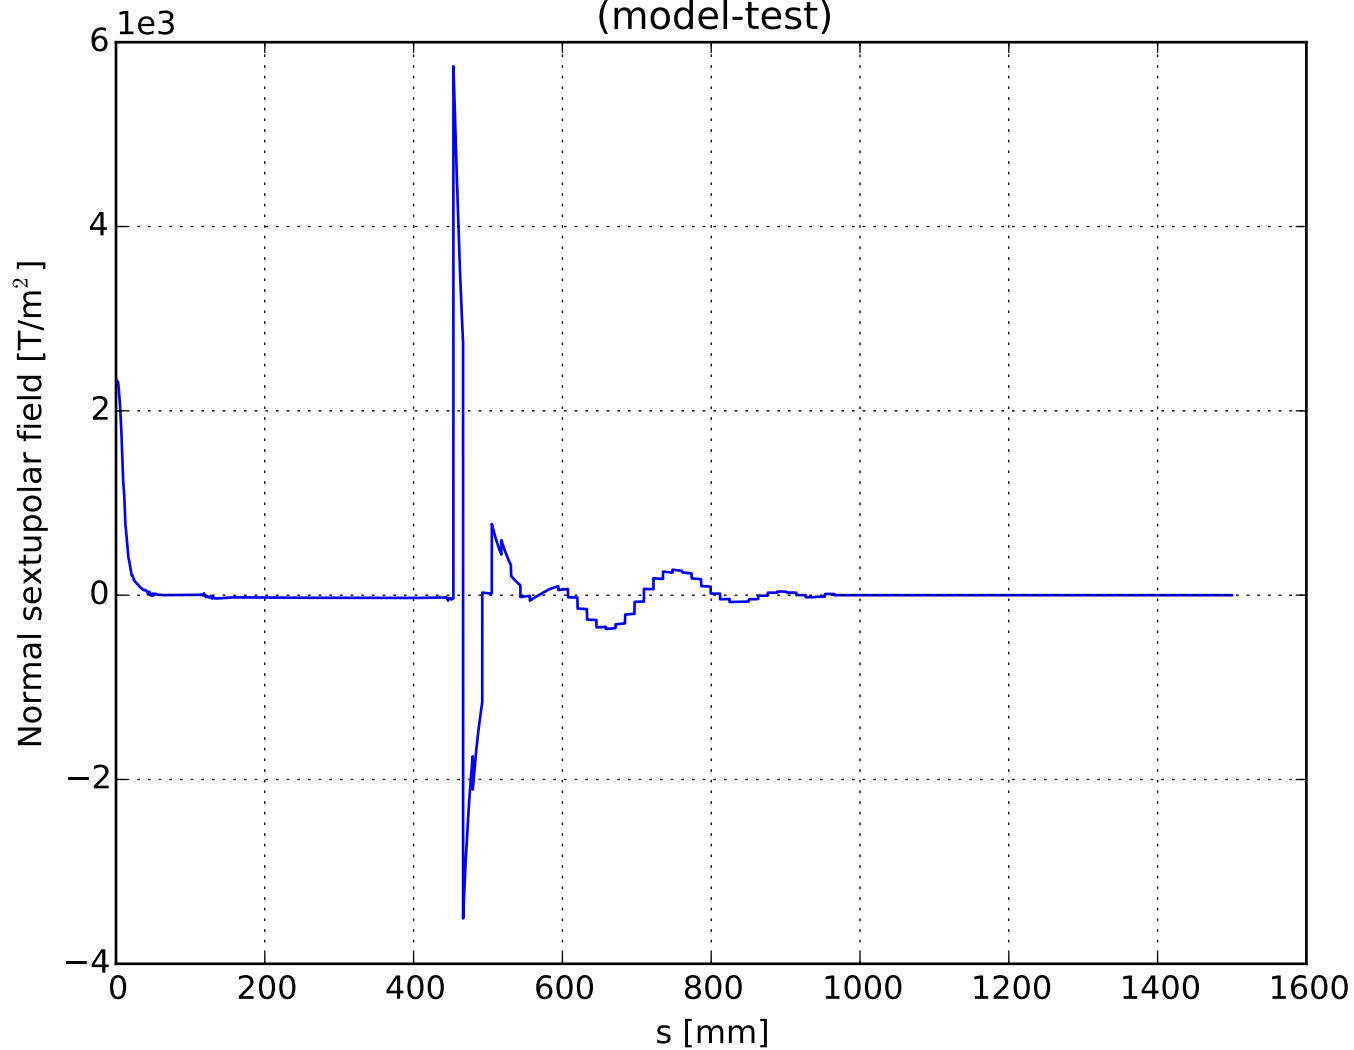

Normal dipolar field along trajectory
(model-test)

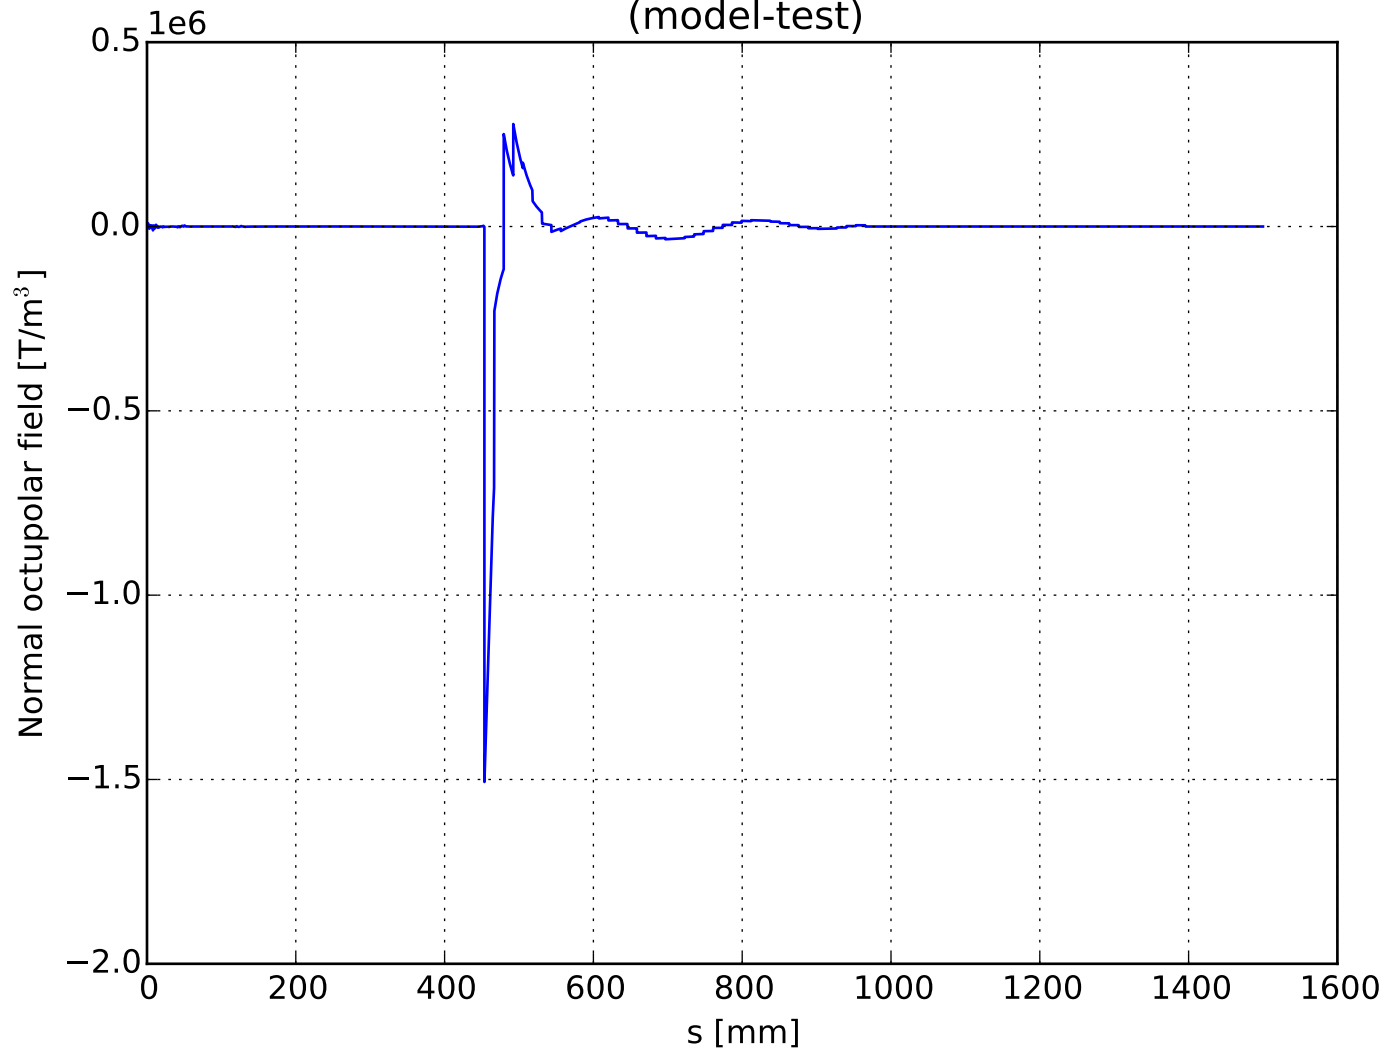

Normal quadrupolar field along trajectory
(model-test)

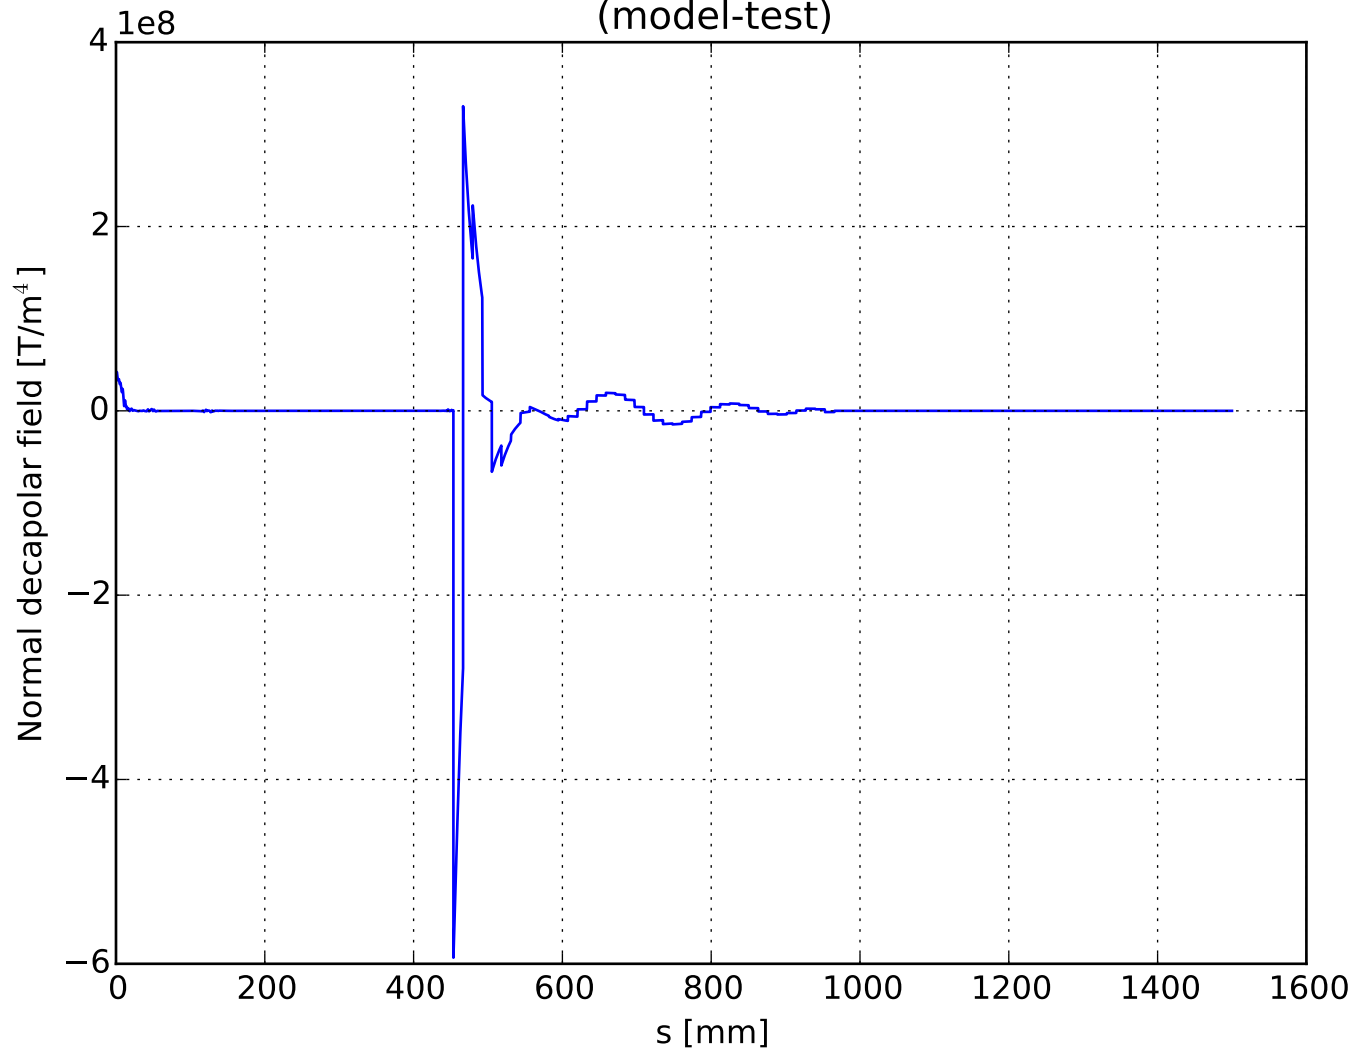

Normal sextupolar field along trajectory
(model-test)

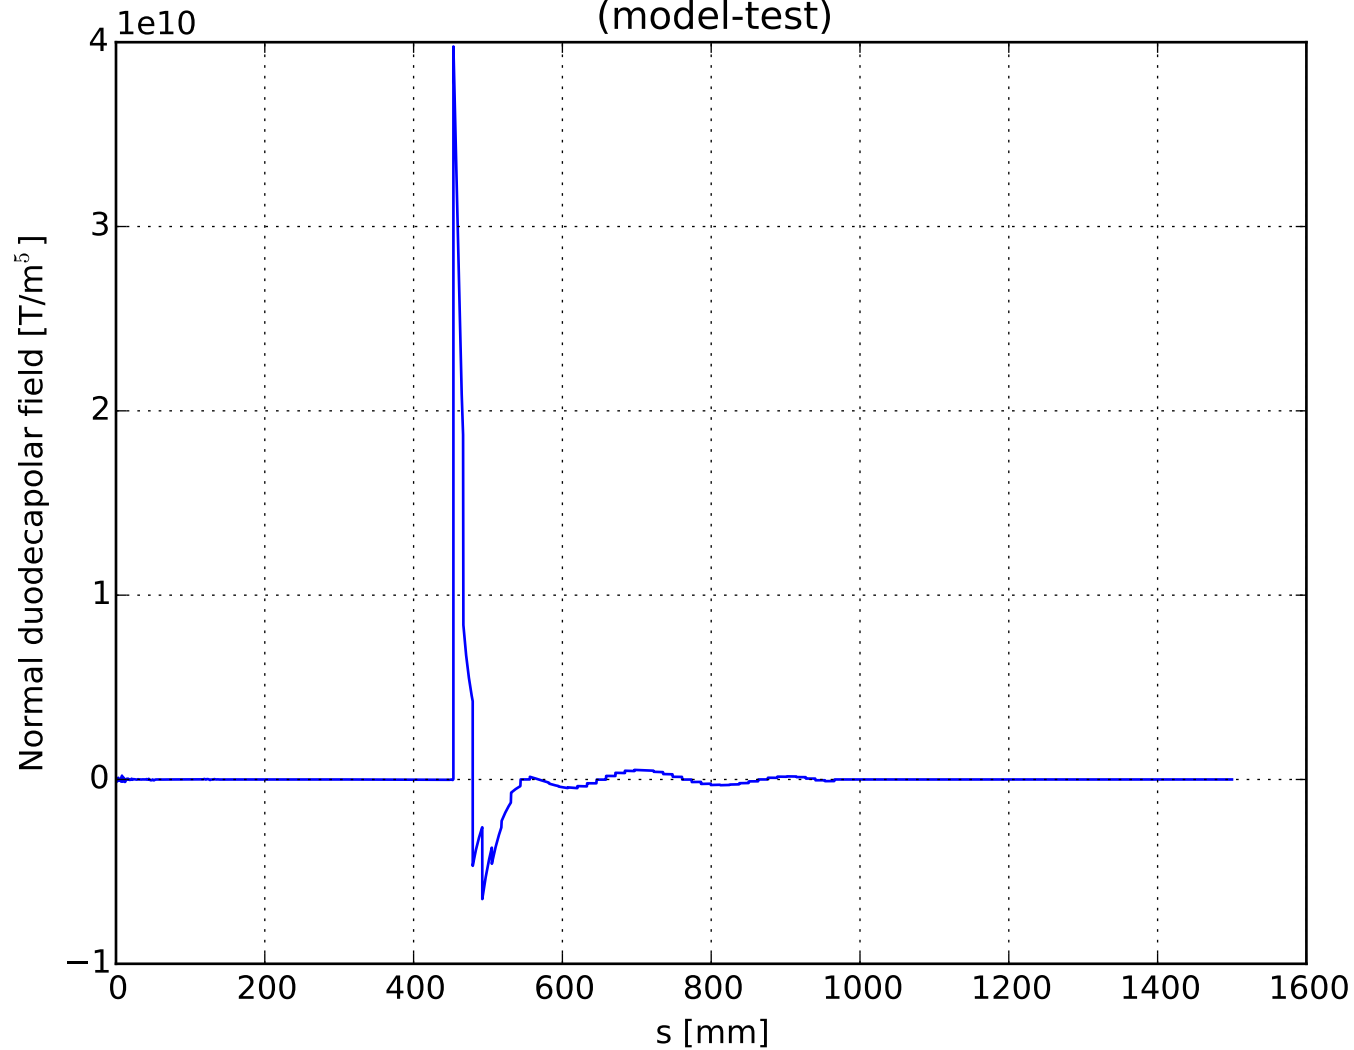

Normal octupolar field along trajectory
(model-test)

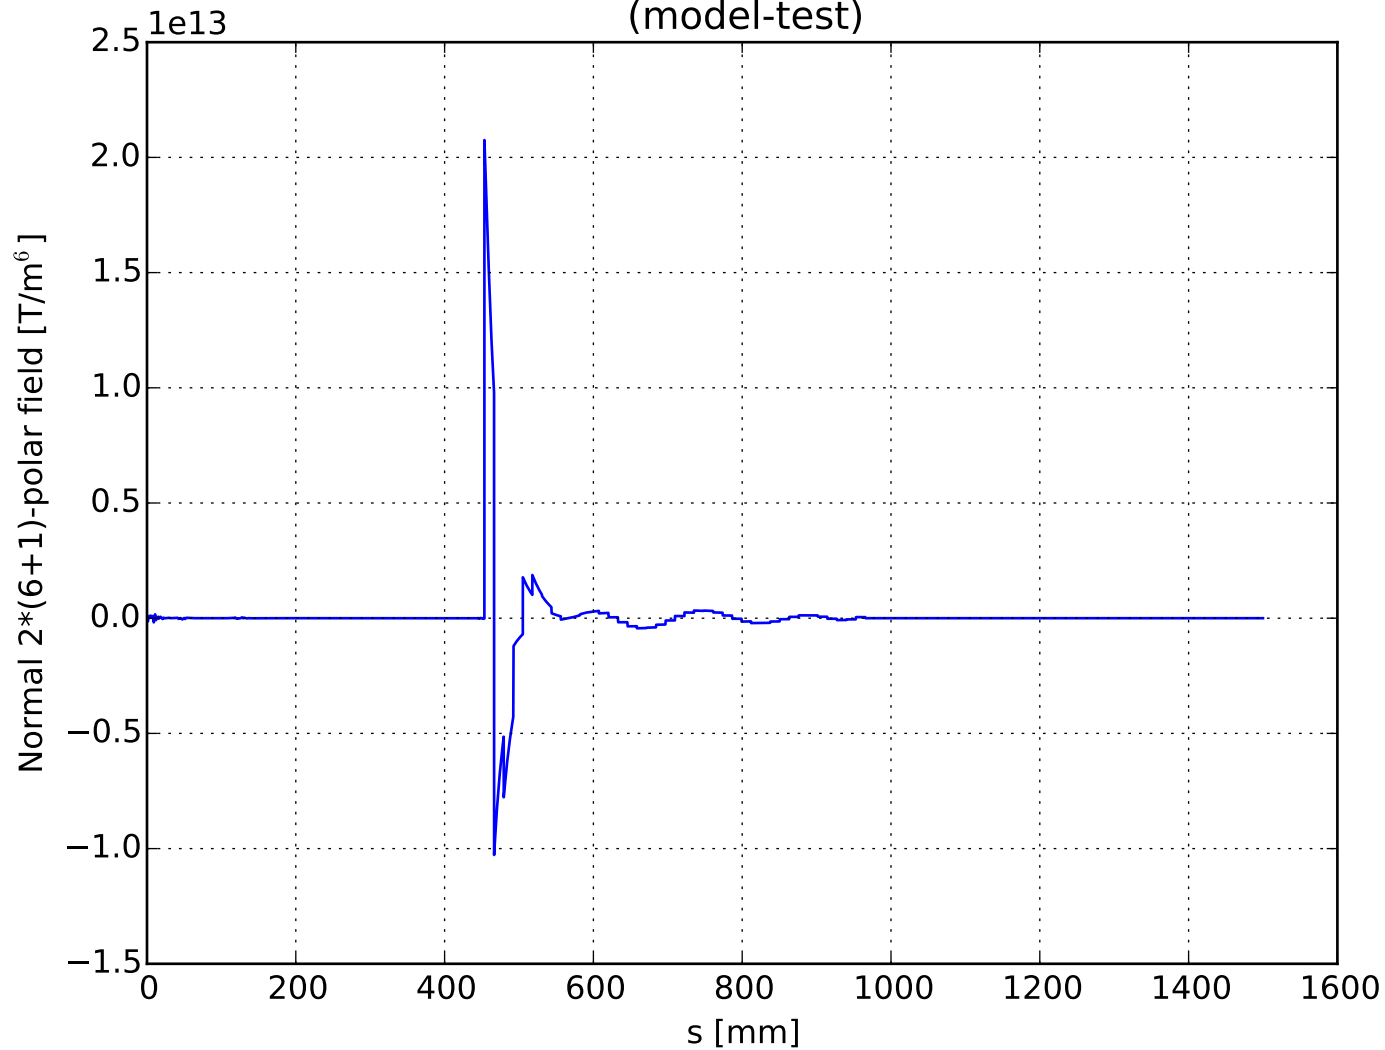

Normal decapolar field along trajectory
(model-test)

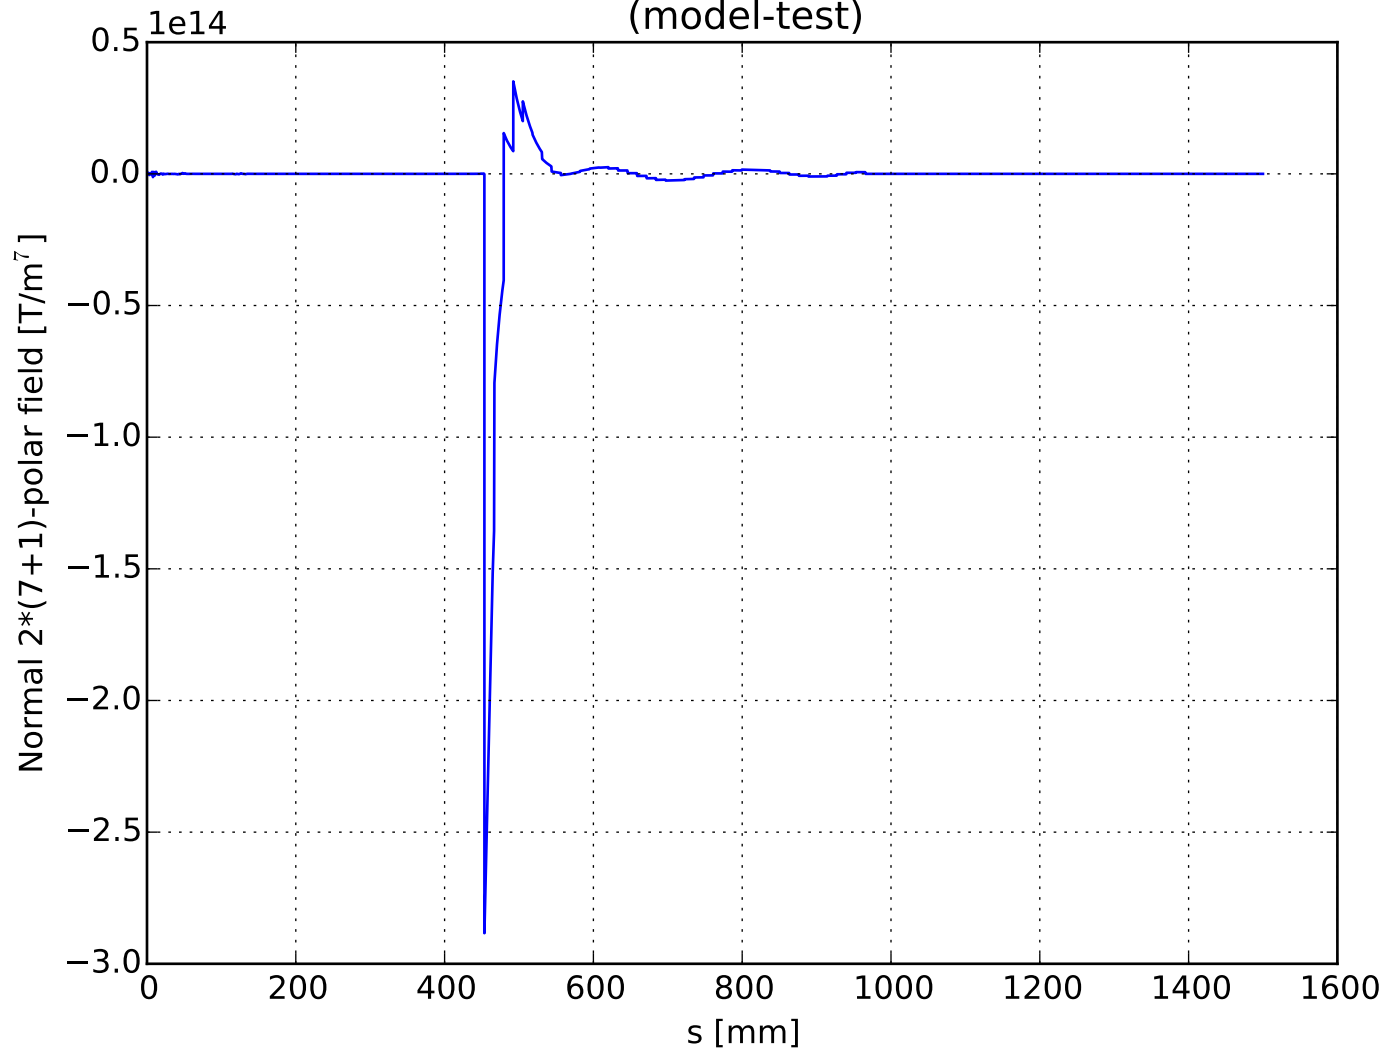

Normal duodecapolar field along trajectory
(model-test)

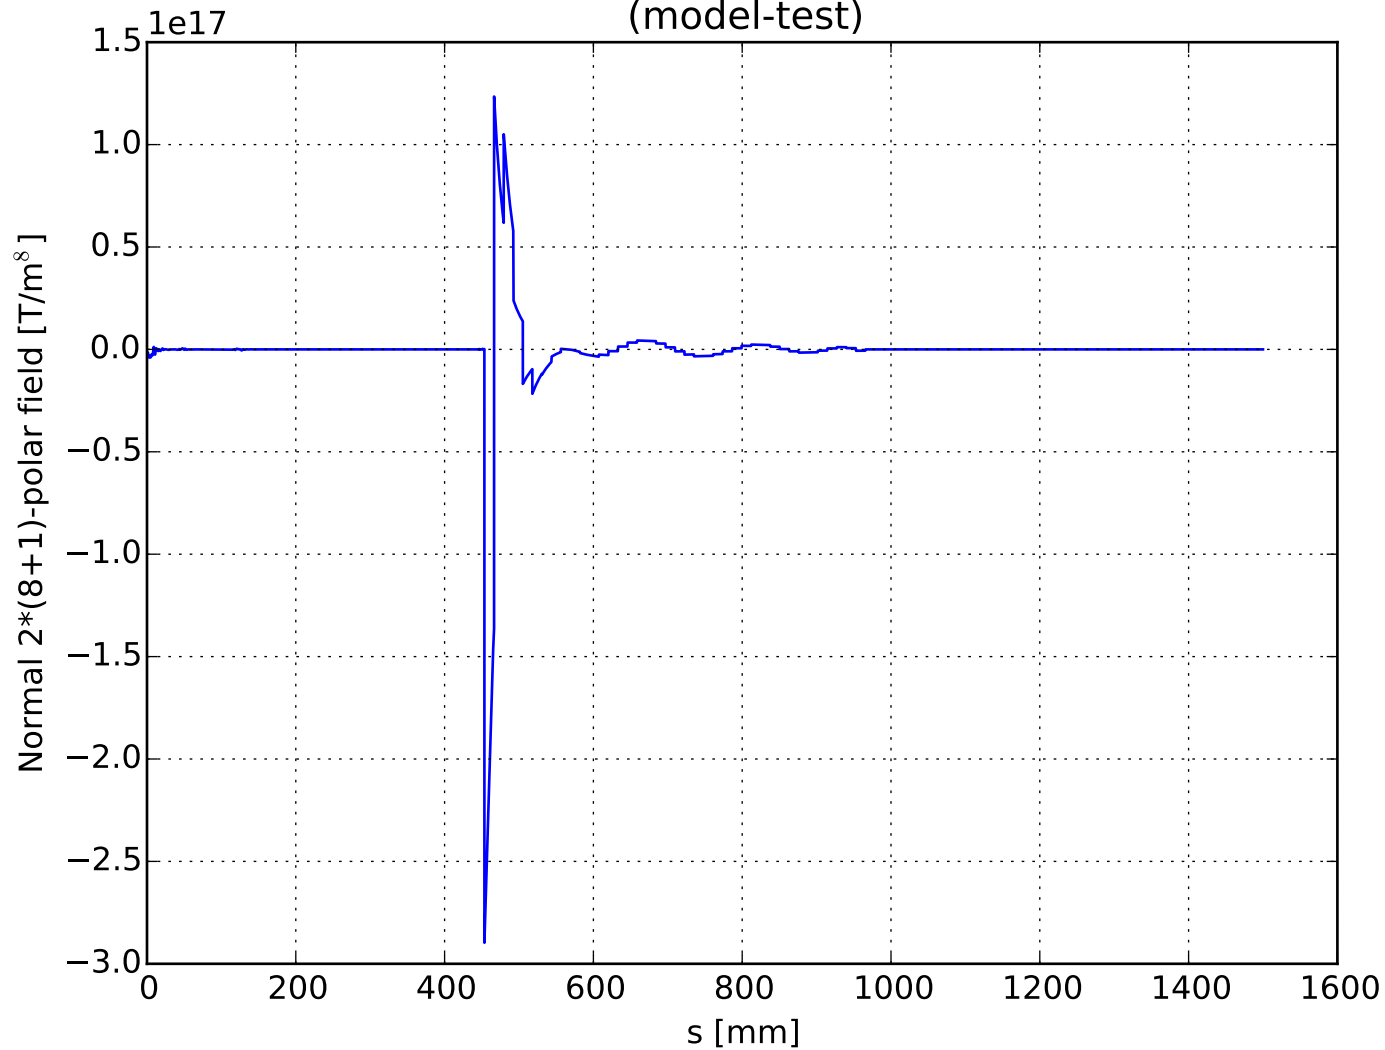

Normal $2*(6+1)$ -polar field along trajectory
(model-test)

Normal $2 \cdot (7+1)$ -polar field along trajectory
(model-test)

Normal $2 \cdot (8+1)$ -polar field along trajectory
(model-test)

Normal $2*(10+1)$ -polar field along trajectory
(model-test)
